Partnership

To whom it may concern:

I am writing to request a position on the Community Corrections Partnerships Committee. Center Point DAAC has provided Behavioral Health Services since 1969 and helps to reduce health disparities, reduce overdose deaths and provide essential Substance Abuse Treatment Services in the City of Santa Rosa and the County of Sonoma.

Center Point DAAC strongly supports a focus on reducing health disparities among the constituents of Sonoma County by increasing delivery of evidence-based interventions through expanded collaboration, providing Harm Reduction Services and linkages and by providing Substance Use Disorder Treatment Services to combat the opioid and stimulant epidemic in Northern California.

In addition we also operate the Orenda Detox Program and Turning Point Residential Treatment Program both in Santa Rosa. We serve all Sonoma County residents regardless of where they live in Sonoma County.

We provide services in Spanish and English and provide culturally sensitive services to all populations living in Sonoma County. We provide the following services:

- Outpatient Treatment

Sincerely,

Susan Hertel, BA, SUDCC III

These funds shall be used to provide supervision and rehabilitative service for adult felony offenders subject to probation, and shall be spent on evidence-based community corrections practices and programs, as defined under existing law.

Per governing statutes, the CCP membership shall include a representative from a community-based organization with experience in successfully providing rehabilitative services to persons who have been convicted of a criminal offense.
